NOTICE TO LICENSED HEALTHCARE PROFESSIONAL:

For your convenience, a fillable PDF version of this form (Form E – Psychological Disability Verification) is also available on the Virginia Board of Bar Examiners' website (barexam.virginia.gov/bar/barnstforms.html). Legibly print or type your responses. Return this completed form to the Applicant for submission to the Board for consideration of the Applicant's request for test accommodations.

Following is the Board's policy for determining whether to grant test accommodations on the Virginia Bar Examination:

In deciding the merits of Petitions for Non-Standard Testing Accommodations, the Board relies upon the definition of disability contained in the Americans with Disabilities Act as amended by the ADA Amendment Act of 2008 (ADA/ADAAA), and as interpreted by controlling case law.

A disability is a physical or mental impairment that substantially limits one or more of the major life activities of an individual. "Substantially" means "considerable" or "specified to a large degree." An applicant will be compared to the average person in the general population in determining whether a disability substantially limits a major life activity.

The negative effects of corrective and mitigating measures, such as side effects of medication or burdens associated with following a particular treatment regimen, may be considered when determining whether an applicant is "substantially limited" in a major life activity and, therefore, disabled. Corrective and mitigating measures may be measures undertaken with artificial aids, like medications and devices, and measures undertaken, whether consciously or not, by the body's own systems.

Merely having an impairment does not make an individual disabled for purposes of the ADAAA and does not automatically qualify an applicant for an accommodation. An applicant must also demonstrate that the impairment limits a major life activity. To qualify as being disabled under the ADAAA, an applicant must further show that the limitation on the major life activity is "substantial."

The determination of a disability by the Board is an individualized inquiry and will be made on a case-by-case basis.

Return the completed form to the Applicant for submission to the Board for consideration of the Applicant's request for test accommodations.
